2006 HISTORICAL CHART ARCHIVE

Southern Gospel - Remastered Edition

Preserving the first weeks of Radioactive Airplay chart history
in a clean, modern archival format.

Chart period: December 5-26, 2006

Historical rankings, song titles, artists, and label/company information have been preserved from the original published charts. Only the visual presentation has been remastered.

The Beginning of the Archive

RadioactiveAirplay.com was registered on December 20, 2005. After months of planning and industry relationship-building, the service went live on November 5, 2006. One month later, on December 5, 2006, the first radio charts were published for the digital-download music distribution service serving Southern Gospel radio.

The archive that follows preserves the Southern Gospel charts published during those first four chart weeks. The original historical data is retained while the typography and layout have been rebuilt for readability, consistency, searchability, and smaller file size.

Contents

Week Ending	Chart
December 5, 2006	Southern Gospel Top 40 (40 positions)

December 19, 2006	Southern Gospel Top 80 (80 positions)
December 26, 2006	Southern Gospel Top 80 (80 positions)

Archive note: the complete 2006 collection also includes Christmas and Country charts. Those will be added to the full yearbook once their source PDFs are in hand.
