2007 HISTORICAL CHART ARCHIVE

Remastered Yearbook Edition

Bluegrass - Country - Southern Gospel - Christmas

52 Weekly Chart Dates + Year-End Top 100 Lists

Historical rankings, titles, artists, and label/company information are preserved from the surviving Radioactive Airplay source PDFs. The presentation has been rebuilt for readability, consistency, searchability, and archival efficiency.

About This Remastered Archive

The 2007 archive covers weekly chart dates from January 2 through December 25. Bluegrass, Country, and Southern Gospel charts are represented throughout the year, with Christmas charts appearing during the final five chart weeks. The original year-end Top 100 Songs and Top 100 Artists lists are also included.

This edition does not silently repair incomplete historical source files. When an original PDF contains fewer entries than its printed chart size, or contains a dating/ranking anomaly, the surviving information is preserved and the discrepancy is documented in the Source Notes.

Collection element	Count
Weekly source charts	161
Weekly chart rows preserved	5,999
Year-end Top Songs	100
Year-end Top Artists	100
Web-archive-only #1 records	16

Source Notes

1. The surviving Bluegrass PDF filed for February 6, 2007 is named for February 6 and is linked under that week in the web archive, but its internal chart header says January 30, 2007. This yearbook files it under February 6 and retains the source discrepancy in this note.
2. The May 29, 2007 Bluegrass source file is identified as Bluegrass by its filename and the web archive, but its internal header says COUNTRY. The ranking data is preserved and filed as Bluegrass.
3. The February 20 and February 27 Bluegrass originals each contain six listed songs on a Top 5 chart, with two entries both printed at rank 5. Both printed rank-5 entries are preserved.
4. The April 24 Country Top 10 source PDF contains only ranks 1 through 4. No missing positions have been invented.
5. Several Southern Gospel Top 100 originals end before rank 100: February 27 ends at 66; April 24 at 95; May 15 at 67; June 19 at 80; June 26 at 98; and November 20 at 93. The yearbook preserves only the surviving published entries.
6. Two Southern Gospel source files exist for December 11. The primary file contains ranks 1-100; the alternate 'A' copy begins at rank 2. The complete primary file is used here.

Additional #1 Records Preserved From the Web Archive

For eight chart weeks from March 20 through May 8, the surviving web archive records Contemporary and Gospel #1 titles, but no corresponding full-chart PDFs are present in the supplied source archive. These #1 records are preserved here as archive-page evidence; no unverified lower chart positions are created.
