2008 HISTORICAL CHART ARCHIVE

Remastered Yearbook Edition

Bluegrass - Country - Southern Gospel

53 Weekly Chart Dates + Year-End Top 100 Lists

Historical rankings, titles, artists, and label/company information are preserved from the surviving Radioactive Airplay source PDFs. The presentation has been rebuilt for readability, consistency, searchability, and archival efficiency.

About This Remastered Archive

The 2008 archive spans weekly chart dates from January 1 through December 30 and preserves Bluegrass, Country, and Southern Gospel rankings. The original year-end Top 100 Songs and Top 100 Artists lists are also included.

This edition does not silently repair historical source files. Where a source filename, internal header, or surviving file is inconsistent, the discrepancy is documented and only verifiable historical information is published.

Collection element	Count
Weekly chart slots	159
Readable weekly source PDFs	158
Weekly ranking rows recovered from PDFs	6,350
Year-end Top Songs	100
Year-end Top Artists	100
Source PDF with no recoverable data	1

Source Notes

1. The Bluegrass PDFs filed for January 15, January 22, and January 29, 2008 carry internal headers that still say 2007. Their filenames and the published 2008 archive place them in the corresponding 2008 weeks, so they are filed here under 2008 and the discrepancy is preserved in this note.
2. The Bluegrass file named RABluegrass-091908.pdf carries an internal header for the week ending August 19, 2008, and the published archive also places that chart at August 19. It is filed here as August 19 rather than September 19.
3. The supplied source file RABluegrass-061708.pdf is a zero-byte PDF and contains no recoverable chart data. The published archive preserves only the #1 record for that week. This yearbook includes that verified #1 and does not invent ranks 2-10.
