2010 HISTORICAL CHART ARCHIVE

Remastered Yearbook Edition

Americana - Christian Country - Southern Gospel

52 Weekly Chart Dates + Year-End Top 100 Lists

Historical rankings, song titles, artists, and label/company information are preserved from the surviving source PDFs. The presentation has been rebuilt for readability, consistency, searchability, and archival efficiency.

About This Remastered Archive

The 2010 collection preserves three regular weekly chart families: Americana, Christian Country, and Southern Gospel. During the year, the branding on the Southern Gospel source files changes from RA / Radioactive Airplay to RMW / Radio Music Week, an important part of the archive's own history that is retained through the source filenames.

The archive also contains year-end Top 100 Songs and Top 100 Artists lists. A group of Radio Music Week monthly Top 40 files survives as well; those are included as a supplemental section rather than being mixed into the weekly sequence.

Collection element	Count
Weekly source charts	156
Weekly ranking rows recovered	9,307
Year-end Top Songs	100
Year-end Top Artists	100
Monthly Top 40 source files	8
Monthly ranking rows recovered	319

Source Notes

1. The weekly archive contains 52 dated chart weeks, beginning January 5 and ending December 28, 2010.
2. The Southern Gospel filename prefix changes from RATop100 to RMWTop100 in May 2010. The yearbook preserves that transition instead of renaming the original sources.
3. Monthly Top 40 files are treated as supplemental publications because they are separate from the three regular weekly chart series.
4. 4 weekly source file(s) contain fewer or irregular ranked rows than the nominal chart size. Only recoverable published rows are preserved; missing positions are not invented.
